Sarah Yoder, Ed. D. Superintendent of the St. Clair Area School District wrote a very complementary letter of our community to Borough Council. In the letter She requests two items be posted in our monthly newsletter.

1) Please like Saint Clair Area School District's new Facebook page www.facebook.com/SaintClairSchoolConnections to keep up with our students' news! Tag our page @SaintClairSchoolConnections or message the page with information you would like us to post. (2) Our school board meetings will now be held in the LGI on the second floor. Please enter at the door on the right at the first entrance under the overhang.

With the implementation of the borough's recycling program two years ago, a **bag limit of six (6) thirty-gallon bags of refuse for residential customers was established**. The goal of this is to increase our recycling tonnage. Some residential customers are exceeding this bag limit on a constant basis. The bag limit policy will be enforced.

And residents are asked if they notice garbage bags placed in front of their residents not belonging to them, to contact the borough office. For a full description of the borough's recycling program go to the web site at www.stclair-gov.org.

The St. Clair Borough Code restricts the throwing of snow into the streets. This is especially true when snow plowing operations are underway. Residents are to refrain from this practice.
